RE: MR. CARROLL BARRACK, FSO-PA FLOTILLA 3-10, SAFE BOATING MONTH

Upon motion by A. Joseph Self, Sr., duly seconded by James M. Long., the Board voted to adopt the following proclamation.

Proclamation

Recreational boating is fun and enjoyable, and we are fortunate that we have sufficient resources to accommodate the wide variety of pleasure boating demands. However, our waterways can become crowded at times and be a place of chaos and confusion. While being a marvelous source of recreation, boating, to the unprepared, can be a risky sport. Not knowing or obeying the Navigation Rules or the nautical "Rules of the Road," drinking alcohol or taking drugs while operating a boat, or choosing not to wear your life jacket when doing so is clearly not the smart thing to do, are all examples of human error or a lack of proper judgment. One particular behavior that can reduce the number of boaters who lose their lives by drowning each year by approximately 80% is the wearing of a life jacket. It is a simple task that has the potential to reduce terrible loss in lives. Knowledge and skills are important in reducing human error and improving judgment. If people are aware of the risk, they are likely to take the precautionary measures to protect themselves and their friends and family. That is why we must continue to spread the messages of boating safety not only during National Safe Boating Week but also throughout the entire year.

Whereas, on average, 700 people die each year in boating-related accidents in the U.S.; nearly 70% of these are fatalities caused by drowning; and

Whereas, the vast majority of these accidents are caused by human error or poor judgment and not by the boat, equipment, or environmental factors; and

Whereas, a significant number of boaters who lose their lives by drowning each year would be alive today had they worn their life jackets; and

Whereas, modern life jackets are more comfortable, more attractive, and more wearable than styles of years past and deserve a fresh look by today's boating public.

Therefore, Northumberland County, does hereby support the goals of the North American Safe Boating Campaign and United States Coast Guard Auxiliary Flotilla 3-10 and proclaim **May 16-22, 2009**, as National Safe Boating Week and the start of the year-round effort to promote safe boating.

In Witness Thereof, I urge all those who boat to "Boat Smart. Boat Safe. Wear it." and practice safe boating habits.

Given under my signature and the seal of Northumberland County, at the town of Heathsville, this 14 day of May, in 2009.

The vote on the motion is as follows:

Ronald L. Jett – YEA

James M. Long – YEA

Thomas H. Tomlin – YEA

A. Joseph Self, Sr. - YEA

Richard F. Haynie - YEA

RE: MR. SEAN TRAPANI, RESIDENCY ADMINISTRATOR, NORTHERN NECK VDOT RESIDENCY

Mr. Trapani reported that they have been paving on Rt. 200 and Rt. 202 and this should be completed soon. The crew has also started mowing and trash pickup. He advised the Board that grass cutting does have a new standard this year which includes 18ft. or to the ditch. The first cut will be done by contactors and by the local district state forces the next time. Grass will be mowed 3 times this year on primary and the next two mows will not include trash pick up. Other regular maintenance will be going on as usual including pulling ditches.

Supervisor Tomlin inquired about the paving on 200 and 202 as to why it stopped at a certain distance from the Glebe Point Bridge. Mr. Trapani explained the paving stopped because the rest of the road did not require an overlay.

Supervisor Long stated there are potholes on Courthouse Road and there is a missing speed limit sign on Indian Valley Road, Rt. 604.

Mr. Stables commented that at the last School Board meeting the demolition of Old Middle School was discussed in a public forum. Chairman Jett suggested setting up a committee to discuss the disposition of the Middle School. Supervisor Tomlin stated that until the School Board declares the school surplus the property still belongs to the School Board. A meeting with the two Boards is scheduled for May 18th at 7 p.m. in the Board Room.

- ❖ The Track has been completed.

Mr. Stables reported that school will closed on June 4 and the move will begin on June 8. Graduation will be on June 13 at the Old High School Football field at 9 a.m. Summer school will begin on June 22, 2009.

Supervisor Haynie questioned Mr. Stables on pest control as far as if they get a list of chemicals that could be hazardous to children. Mr. Stables said that you must be certified to spray chemicals around the schools but he would look further into it.

Mr. Stables was asked to give a job description of the Athletic Director. Mr. Stables responded that his duties include, scheduling, performance of the athletes, getting officials for games and to set up everything.

Chairman Jett stated there has not been a referee for the 8th grade home soccer games.

Chairman Jett commented on a quote that School Board Chairman, Lee Scripture made concerning the progress of the new school. Mr. Jett said that if Mr. Scripture had attended the progress meetings, he would have been a little better informed. Mr. Jett said he failed to see him at any of them.

RE: MR. DONALD HART, PRESIDENT OF VIRGINIA ASSOCIATION OF COUNTIES

Mr. Hart stated he was honored to be here today and that Northumberland County is very important and is a beautiful county. He informed the Board that he too is a Supervisor in Accomack County. Mr. Hart said VACO has been working with the Governor and the Senate to optimize the goals of counties. He went further to say he is trying to establish a relationship with each county so that they can stand together with one voice. Mr. Hart asks for the county to take advantage of the benefits that VACO offers. Mr. Hart stated that if anything is ever needed of him to please contact them.

Supervisor Tomlin commented to Mr. Hart about the Verizon problems this county is having with the 580 and 453 exchanges and their lack of services offered.

Supervisor Self complimented Mr. Hart on his visit and said that the Rural Planning Caucus within VACO is very helpful and worthwhile. Mr. Self stated further that his concern with attending the annual meeting is the schedule is not determined in enough time to plan on attending. Last year the deadline to register was before all the sessions were scheduled. Mr. Hart stated he would make sure this did not happen this year.
