

Please join us on **Monday, May 17, from 10 a.m. to 11:30 a.m.** for the webinar on the Chesapeake Bay TMDL, or "pollution diet" to restore local waters and the Chesapeake Bay. The webinar will be held at the Northumberland County School Board Office in Lottsburg.

Included in this presentation from EPA will be the latest information on the Bay Total Maximum Daily Loads, a preview of upcoming developments and a report on how the State of Maryland is preparing its Watershed Implementation Plan and involving local governments.
