

New state law affects fireworks shows:

The Fire Prevention Code shall prohibit any person not certified by the State Fire Marshal's Office as a fireworks operator or pyrotechnician to design, set up, or conduct or supervise the design, setup, or conducting of any fireworks display, either inside a building or structure or outdoors and shall require that at least one person holding a valid certification is present at the site where the fireworks display is being conducted. Certification shall not be required for the design, storage, sale, use, conduct, transportation, and set up of permissible fireworks or the supervision thereof or in connection with any fireworks display conducted by a volunteer fire department provided one member of the volunteer fire department holds a valid certification. For more information contact the State Fire Marshal's Office at:
