**3. Discussion on Redistricting**

**Action, Discussion, Information: A. Discussion**

Vice Chairman Jett stated that a letter has been circulating around accusing him of false information related to redistricting.

Supervisor Long questioned the other Board members' decision on not moving forward with the Redistricting Committee's recommendation.

Chairman Haynie expressed his interest in looking at the other redistricting plans before moving forward with plan 3. After doing this, he has realized that he will have to adjust to losing Callao no matter which plan is chosen by the Board.

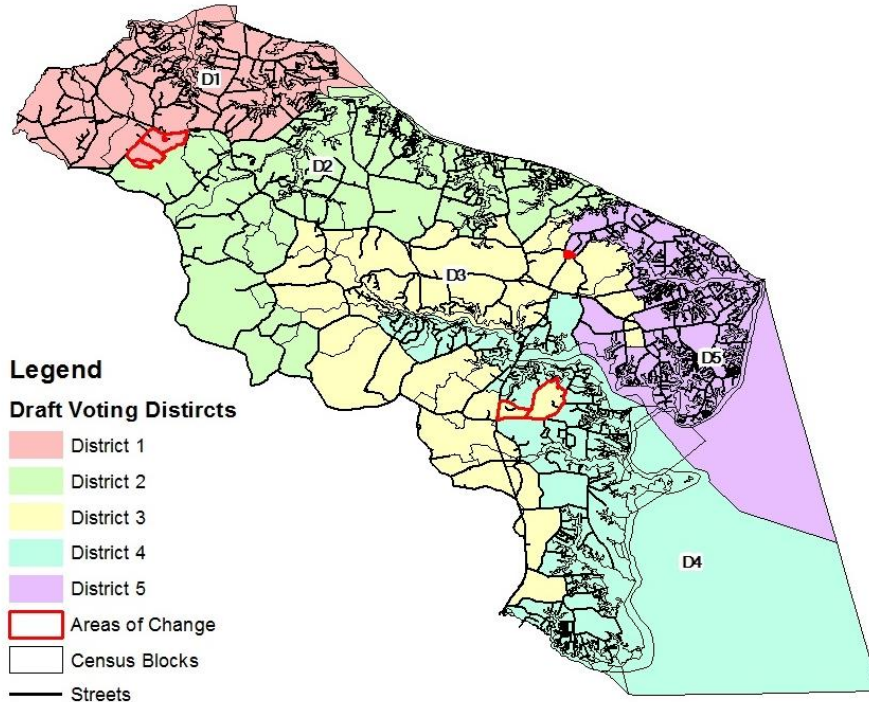

Vice Chairman Jett stated that he voted against plan 3 due to a question of his being unanswered, but since then, Mr. Jett has received additional information to answer his concern.

Supervisor Tomlin appreciated the hard work performed by the Redistricting Committee, but he stated that the Board does not delegate their authority to them. Along with this, he listed some

factors that led him to have concerns about plan 3, but he does not question his representative's suggestion.

County Administrator Tadlock requested specific language if the Board were to move forward with this plan.
